

HT208 SERIES
HT208A/HT208D AC DC Clamp Meter

- 1000A Current
- 6000 Counts
- VFD In-Rush
- LowZ Range

| to prevent Error reading cause by false voltage
| HD Color Screen Display / Dual Display for Voltage & Frequency
| NCV/LIVE Line detection

Products Details

HT118 SERIES
High precision digital multimeter

- TRUE RMS
- 6000 Counts
- LCD Warning
- LED Prompt

| High Voltage Orange Color Backlight Indicator
| Input Jack LED Indicator
| Overload Protection

HT129 10000 Counts Digital Multimeter Smart Anti-Burn DC AC Voltage Current True RMS Voltmeter Rechargeable Multitester

Brand Name:	HABOTEST
Model Number:	HT129
MOQ:	1-1000pcs
Delivery Time:	35~40 days
Payment Terms:	L/C, T/T

Detail Information

Product Description

Detail Information

Place Of Origin:	Guangdong,China	Document:	HT129 User Manual-V03-20231...09.Pdf
Counts:	10000	Display:	VA
Auto/Manual Range:	Auto	Live Test:	Yes
Ncv:	Yes	Diode Test:	Yes
Continuity:	Yes		
Highlight:	Rechargeable Multitester Digital Multimeter, Smart Anti-burn Digital Multimeter, 10000 Counts Digital Multimeter		

Product Description

HT129 10000 Counts Digital Multimeter Smart Anti-burn DC AC Voltage Current True RMS Voltmeter Rechargeable Multitester

Features:
With clear screen, which can let you operate and see the data more clearly, give you a better using experience.
Multifunction: It can be used for AC and direct current voltage and current measurement, capacitance and resistance measurement, NCV non contact voltage and temperature measurement, diode and continuity measurement, firewire and null wire recognition.
With the double sound and light alarm function, which can remind you in a better way.
With the soft and durable protective cover and seismic protecting function, which can protective the multimeter and prolong the service time of it.
With flashlight and backlight function, you can use it in dim lighting environment or in the dark.
The instrument turns on the automatic shutdown function by default. Without any key operation for about 15 minutes, the instrument will automatically shut down to save battery energy.

- Package List:**
1 * Smart Digital Multimeter
1 * Pair of Test Lead
1 * Thermal Couple
1 * Charging Cable
1 * Storage Pouch
1 * User Manual (English)

LIVE AND NEUTRAL WIRE DETECTION WITH A SINGLE PROBE.

- When the red probe of the test pen contacts the conductor being tested;
 - It will display "---L" and emit a slow beeping sound with a green indicator light for detecting weak AC signals.
 - It will display "---H" and emit a rapid beeping sound with a red indicator light for detecting strong AC signals.

NON-CONTACT AC VOLTAGE DETECTION

Approach the NCV sensing area near the conductor being tested.

- When a weak AC signal is detected, the display shows "---L", and the buzzer emits a slow beep and the indicator light turns green.
- When a strong AC signal is detected, the display shows "---H", and the buzzer emits a fast beep and the indicator light turns red.

BUILT-IN RECHARGEABLE LITHIUM BATTERY

The meter is equipped with a built-in 3.7V rechargeable lithium battery, eliminating the need for separate battery purchases.

AUTOMATIC SHUTDOWN

After turning on, the meter automatically activates the power-saving mode with the symbol "⏻" displayed on the screen. If there is no button operation within approximately 15 minutes, the meter will automatically shut down to conserve battery power.

SHOCKPROOF AND DROP-RESISTANT RUBBER SLEEVE

The meter is equipped with a soft rubber protective sleeve that effectively prevents it from falling and protects the hardware from damage and scratches.

TEMPERATURE MEASUREMENT

-20°C to 1000°C
(Randomly attached K-type thermocouple has a temperature limit of 260°C)

HABOTEST®

HT 129

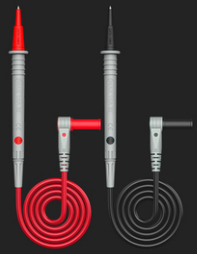

10000 COUNTS SMART DIGITAL MULTIMETER

VA color display
 High-definition digital display
 Intelligent function selection
 High-precision intelligent measurement

HT129 PACKAGE INCLUDES

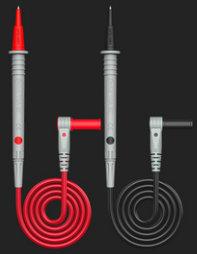

HT129 Smart Digital Multimeter

Detection Pen

Packing & Bag

INSTRUMENT PANEL

This meter is an intelligent true RMS digital multimeter. It has intelligent and professional measurement function. Full function, with gear display, analog bar multiple display.

- POWER ON
- Charge terminals
- Warning indicator
- Display
- Flashlight key
- Input terminals indicator
- 10A terminals
- mA terminals
- COM terminals
- Terminals other than current and NCV
- NCV
- Flashlight

HIGH-INTENSITY LED ILLUMINATION

Equipped with LED lighting, it ensures clear visibility even in dark environments.

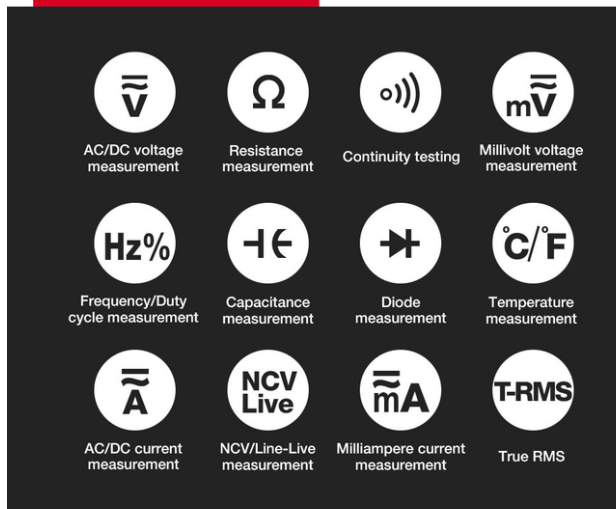

BACK BRACKET DESIGN

HABOTEST has upgraded the multimeter with a back bracket, paying attention to details and user experience at every step.

PROFESSIONAL MEASUREMENT

Our Services

- * Inquiry and consulting support * 12 months warranty
- * Online presentation if necessary * Spare parts delivery
- * Company & Factory Visit (Site or Online) * New product exchange
- * Free Samples (Shipping Cost Excluded) (Term & Conditions Apply)

Company Information

Dongguan Habotest Instrument Technology Co.,Ltd is an innovation oriented technology enterprise with an over 20 years R&D team, injection molding, professional production line and assembly capabilities.

We offering professional and innovative measuring products as Digital Mltimeter, Digital Clamp Meter, Earth Resistane tester, Insulation Tester, Enviromental detector and other testing instrumnts for the worldwide customers to meet the global market demand, we also provide electronic test tools, measurement solutions and ODM and OEM services to specific customers.

Habotest now has over hundred various patents and set an independent innovation goal of reaching more than 100 authorized patents each year. After 20 years industry experience in research and development, Habotest standardized its management and quality systems, obtaining ISO9001-2008 and ISO/TS16949, CE, IEC safety standards and introducing financial ERP systems.

For providing qualified products and superior service to all customers, we have been always producing products which meet the industry standards, and creating unique innovative solutions in high-growth fields. Habotest is currently developing test meters and instruments in an industry park nearly 5000 square meter facility. With this new facility, Habotest is capable to fully supply product demands from all customers across the world.

Now our Daily Production is over 10,000 pcs, We are one of the pioneer domestic enterprises who successfully in Research, Development and production.

Our products is widely used in the field from industrial electronic installation, maintenance service to DIY and daily household needs.
